PRICE, FIVE CENTS

The Grist Mill

The "All Saints and Sinners Club" met last Friday night at the home of Arthur L. Dewar, Sprout road, Villanova. It is a highly informal group of men connected with All Saints' Church, Wynnewood, who meet now and then in the interests of good fellowship. Motif for the club is expressed in various posters that appeared in the Dewar's game room for the occasion. Several members are executives of the Curtis Publishing Company, and appropriately one of the placards was a take-off on the front cover of the Saturday Evening Post, reading: "The Ladies' Evening Gentleman. Founded by a gentleman whose name was Adam. More than five million circulation weekly. Goes into the homes occasionally. Published first of every week. By the Bell's Publishing Company and reaches 85 per cent of the people who hold up 90 per cent of the traffic at the corner of Wynnewood road and Montgomery pike."

Congressman J. William Ditter paid a visit to the Lower Merion Township building Monday afternoon and in particular, on Township Treasurer Peter C. Hess. Asked by a newshawk lounging in the treasurer's office about the bonus, the Congressman opined that it would pass in the Senate. It was passed by the House last Friday, Ditter being recorded with the ayes.

One fire engine, five volunteer firemen and a ladder were required to effect the rescue of a cat from a tree in Narberth last Saturday night. The animal had been marooned for two days at Woodbine and Iona avenues. Following its rescue by members of the Narberth Fire Company, the cat was given a big bowl of milk and adopted by Tony Giuliani.

Bank's Deposits Show 40 Per Cent Increase

Growth of Narberth Institution Indicated in Reports to Stockholders

HAVE 2,336 ACCOUNTS

Stockholders and directors of the National Bank of Narberth have been informed of a remarkable year of growth in the reports released in connection with the organization meetings held this month.

An increase of 40 per cent in deposits in one year, nearly twice as many savings and Christmas Club customers and a big jump in checking accounts has extended the growth of the bank to the point which the directors did not expect to reach until the middle of this year.

Comparative figures tell the story. At the close of business in December, 1934, the bank had \$333,307.90 in deposits. In a year that figure climbed to \$465,198.41—an increase of \$131,890.51. At the beginning of 1935 there were 300 members in the Christmas Club. The figure a year later was 554. Savings accounts climbed from 320 to 574; checking accounts from 1027 to 1280.

"We are now serving a total of 2336 accounts," a statement of the bank announces, "and this is in a community of about 1500 homes. Even with some duplications the figures show a remarkable public acceptance and a rapidly widening territory served."

"We desire to be known as a useful institution. We are sure that the number of families using our facilities will continue to increase. To the business man we say that we approach applications for local loans with the realization that we are handling local money and are extending this feature as far as care and prudence make possible."

It was revealed at the stockholders' Continued on Page Two

Homemakers Invited to Attend Cooking School Next Week

At Ardmore Tuesday and Wednesday; Narberth Thursday and Friday

PRIZES TO BE AWARDED

At 2 o'clock Tuesday afternoon at the Masonic Hall, Ardmore avenue, Ardmore, the Community Weekly Newspapers' annual Cooking School will be opened, with Miss Martha Ross Temple, home economist, in charge. A second session at the same hour and same location will be held Wednesday afternoon.

Next Thursday complete equipment and school facilities will be moved to Elm Hall, on Forrest avenue, Narberth, where sessions will be conducted that afternoon and on Friday.

Every homemaker on the Main Line is cordially invited to attend all four of these school periods by the publishers of the four weekly newspapers co-operating in sponsoring the event. These newspapers are: The Ardmore Chronicle, The Main Line, Our Town and the News of Balu-Cynwyd.

Not only are the sessions entirely free of cost, but in addition many valuable prizes and gifts will be awarded daily to those attending.

The publishers feel that every woman present will have a pleasant and profitable afternoon at each session of the school. If you attend one session you will want to attend all four. There will be a complete change of program daily.

Miss Temple, a noted culinary expert, will present interesting talks and demonstrations on the art of cooking. Her lectures on the modern preparation of nourishing and appetizing foods have met with singular success in this section and elsewhere, and there is no doubt that the homemakers of the Main Line area will find her ideas and suggestions both practical and helpful.

Bates to Make Survey and Plans of Borough Sewers

Clifford W. Bates, former Councilman and a certified engineer, was engaged to make a survey and plans of the Borough sanitary sewer system at the meeting of Council Monday night.

Recommendation that Mr. Bates be employed for this work was made by the highway and sewer committee and approved by Council. Inadequacy of the Borough sewer records was given as the reason for the step.

The work is to include preparation of detailed plans showing grades, location of manholes, and pipe dimensions. Mr. Bates is to be paid \$400 for the work, the final payment to be made when the plans have been approved by the highway committee and accepted by Council.

Narberth Tax Rate of 16 Mills is Adopted

Appropriation Ordinance, Sliced \$5,000, Also Passed on Final Reading

END YEAR WITH BALANCE

Ordinances fixing the Narberth tax rate for 1936 at 16 mills and appropriating \$75,394 to operate the Borough government were adopted on final reading at the meeting of Council Monday night.

The tax rate is the same as has been in effect for the past three years. The budget, in which a slice of \$5,000 was made from the highway item since its passage on first reading in December, is about \$1,000 larger than last year.

The reduction in the highway item was made because of the belief that the Borough will not receive as large a grant from the County for highway work as was expected.

An application has been made to the County Commissioners for aid on rebuilding three streets. Councilmen were of the opinion that there was no use in appropriating funds for the Borough's share on three applications.

With the exception of the highway item and an increase in the amount for bond of the Borough treasurer, secured for a two-year period at a saving, the budget is the same as was adopted on first reading in December.

In commenting on the financial position of the Borough, Councilman Clarence Kaerber, chairman of the finance committee, pointed out that of the \$74,342 appropriated for expenses in 1935, there remained an unexpended balance at the end of the year of over \$1,000. Temporary loans made during the year against taxes in process of collection totaled \$15,000, which were paid off in October, Mr. Kaerber said. The sum of \$6,000 was received during the year from the County Commissioners in liens on back taxes.

Tax Collector Edwin P. Dold reported at the meeting that collections of 1935 taxes totaled \$57,892.01, leaving a balance to be collected of \$22,182.31.

Outstanding taxes for 1934 amount to \$671 and for 1933, \$432.32.

Circulation Increase Reported by Narberth Community Library in 1935

The Narberth Community Library circulated 45,408 volumes during 1935, an increase of more than 2000 compared with the preceding year and the largest circulation since 1932, according to the annual report of the librarian, Miss Clara E. Follette.

The report was presented at the annual meeting of the Library Association held Tuesday night at the library.

Miss Follette stated that there were 881 books added during the year by purchase and gift, making a total of 9179 volumes in the library on January 1, 1936. In addition there are 63 periodicals and newspapers received currently.

The circulation in the adult department included 27,366 books of fiction and 7997 volumes of non-fiction. Circulation in the children's department totaled 10,045.

Merger Hearing is Next Friday at Norristown

Next Friday morning, January 24, at 10 o'clock is the time and the Montgomery County courthouse at Norristown the place of the hearing on the petition seeking the annulment of the Narberth Borough Charter and its return to Lower Merion Township.

The three judges of the Court of Quarter Sessions, Harold G. Knight, George C. Corson and William F. Dannehower, will be on the bench for the hearing, which may be continued for several days, or which, according to rumors current, may be disposed of in short order.

A large delegation of Narberth residents is expected to attend as well as many from the township.

New Committees Are Appointed by Council

Durbin Heads Public Safety; Fleer Ordinance and Law Chairman

GIVE ANNUAL REPORTS

Appointment of new committees and presentation of annual reports featured the January meeting of the Narberth Borough Council Monday. Committees announced by President William H. Fretz are as follows:

Public safety—William H. Durbin, chairman; Roland Fleer and Robert F. Wood.

Highway—Wood, chairman; Durbin and Eugene H. Davis.

Ordinance and Law—Fleer, chairman; Clarence Kaerber and Harvey J. Harman.

Building—Harman, chairman; Davis and Kaerber.

Finance—Kaerber, chairman; Durbin and Fleer.

Property—Durbin, chairman; Wood and Harman.

Water, Light and Health—Davis, chairman; Kaerber and Fleer.

Liens—Kaerber, chairman; Harman and Davis.

The annual report of the Building Committee showed that construction in the Borough during 1935 totaled \$21,037. Itemized building was as follows: garages, 6, \$2,490; roofs, 38, \$7,683; alterations, 7, \$4,604; additions, 6, \$3,390; porches, 3, \$215; steps, 1, \$10; gas stations, 2, \$1,680; sheds, 1, \$90; fire damage, 1, \$850; demolishing, 1, \$25.

Burgess John R. Hall reported that 102 fines for parking violations were collected during 1935 and 26 fines collected for failure to clean snow from sidewalks.

The annual report of Fire Chief Charles V. Noel stated that 50 fire alarms were answered by the Narberth Fire Company during 1935 as follows: apartments, 2; railroad ties, 1; shed, 1; fields, 30; dwellings, 10, and automobiles, 6.

The annual report of the highway and sewer committee indicated that of the appropriation for the year of \$18,000 there remained a balance of \$3,804.46. This is sufficient, the report stated, to cover the Borough's share of 25 per cent of the cost of work done by the county on Narberth streets, the bill for which has not been received.

Lower Merion Makes Survey on Merger

No Recommendation Made in Report of Special Committee

ESTIMATE EXPENDITURES

It would cost Lower Merion Township over \$8000 more to operate the Narberth area under a merger than the township would receive in tax and other receipts.

This was reported by a special committee of the Lower Merion Board of Commissioners appointed to investigate the proposed merger on which a hearing will be conducted in the court at Norristown next Friday, January 24.

The statement prepared by the committee does not favor or object to the merger. It points out, for the benefit of township residents, what the estimated receipts and expenditures would be at the present tax rates. It only concerns the township government and has nothing to do with the schools.

The net income estimated by the committee from the Narberth area is \$64,041.30, made up of \$39,702.76 derived from the 8-mill tax on valuations of \$1,962,845; a special sinking fund tax of 3 mills, providing \$14,888.54, and sewer rental, based on approximately 1400 buildings at \$9 each, of \$12,600.

Deductions amounting to \$2150 now paid the township by the borough for police protection, sewer rental and use of the dump, account for the difference between the gross and net income.

For all the various expenses of government the committee estimated expenditures of \$72,318.75. Since the estimated income was only \$64,041.30, it left a deficit of \$8277.45, which would have to be absorbed by revenue from other sections.

Copies of the statement may be obtained by any interested citizens at the secretary's office in the Township Building.

Club to Present Two Programs Next Week

Myra Reed to Give Piano Recital on Tuesday; Evening Affair Friday

NEWSPAPERMEN TO TALK

The Women's Club of Narberth will present two unusually fine programs next week.

The first on Tuesday afternoon will be a piano recital by Myra Reed through the courtesy of the F. A. North Company.

Miss Reed has presented innumerable recitals and has appeared as soloist with the Philharmonic Society of Philadelphia, the Cincinnati Orchestra and the Russian Symphony of New York. She began the study of the piano at the age of 12 and has continued her work to this date.

Miss Reed is a member of the Lester Ensemble and many of her recent recitals have been presented through the courtesy of this popular musical group.

A covered-dish luncheon at 12.30 P. M. will precede the program. This will be in charge of the Hospitality Committee, Mrs. J. A. Hongler, chairman.

The second program of the week will be given on Friday evening, January 24, in the American Legion Room of the Community Building. All the husbands and friends of the members are cordially invited to attend. The meeting is at 8.30.

C. William Duncan, interviewer and columnist of the Evening Public Ledger, will be one of the speakers, and E. J. Pollock, sports editor of the same paper, will be the other.

Says Council Has No Authority To Levy Tax for Poor Relief

Narberth Council has no authority to levy a two-mill tax for poor relief, Borough Solicitor Henry A. Frye ruled in a letter read at the meeting Monday night.

At the December meeting a letter was read from Mrs. Margaret G. Town requesting Council to fix a levy of two mills for this purpose.

The solicitor stated that this could be done only where the poor district is the borough. Montgomery County constitutes a poor district unit, he said.

Anti-Merger Argument—

The statement issued this week regarding the proposed merger of Narberth and Lower Merion, which was prepared by a committee of the Township Board of Commissioners, has provided the Narberth Home Rule Committee with additional arguments against the charter annulment.

Home Rulers point out that it would cost the Township, according to its own estimate, practically as much to administer the Narberth area as the Borough now pays. And in addition, they cite the reduction in service under the Township's estimate. Ash and trash collection on an every other week basis, as listed in the statement, compares unfavorably they point out with the weekly collection schedule maintained by the Borough during the fall, winter and spring.

The Township estimated that it would cost \$72,318 to administer the Narberth area while the Narberth budget for 1936, which provides as usual some leeway between actual contemplated expenditures and anticipated revenue, amounts to only a couple of thousand dollars more. The Township estimated receipts from the Narberth area, at the Township tax rate of eight mills, three mills for Borough debt and \$12,600 from sewer rentals, at \$64,041, leaving a deficit of \$8,277 in administering the Borough area.

It is natural to assume that, since the Township could not differentiate against the Narberth area in its tax rate, the only alternative would be to raise Narberth assessments so as to increase the take in taxes and thus overcome the deficit. The result would be that Narberth residents would pay more in taxes than residents of the remainder of the Township since the amount of the tax paid depends on the property assessment just as much as on the rate of the tax.

The Township Commissioners' statement applies only to the Township - Borough government and has nothing to do with the school districts.

It is also maintained that a survey such as that prepared by the Township is a minimum affair

while the budget, as adopted by the Borough Council this week, is a maximum estimate since it is based on past experience.

In other words, it might cost the Township more to administer the Narberth area than the commissioners have estimated, resulting in a larger deficit and the need for higher assessments.

meeting that a steady profit had been made by the bank during the year, with the hope that the time would come soon when growth in the surplus and undivided profits items would lead to stock dividends. While this hope has been overshadowed by the satisfaction of the bank's rapid growth, it has encouraged the stockholders, many of whom bought shares as a civic move to aid in the organization of the new bank nearly two years ago.

On Monday evening a closed dinner-dance was held at the clubroom, attended by eighty Juniors and escorts. A quartet of musicians from the full orchestra sponsored by Don Bestor, which of late performs at all Junior dances, helped make the evening a grand success.

On January 23 the program will be on the subject of press and publicity, presented by the chairman of that department, Mrs. James D. Moore.

Mrs. Goldsmith Speaks at Narberth School Assembly

Mrs. Arthur Goldsmith, motion-picture chairman of the Philadelphia Federation of Women's Clubs and Allied Organizations, will speak at the Assembly at the Narberth public school this Friday. Her topic is, "What Children Should See in Motion Pictures."

Mrs. Goldsmith also spoke to the Phoenixville Women's Clubs Tuesday of last week and her topic was "The Club Woman's Responsibility to the Motion Picture." She also spoke at the Ceramic Club in Philadelphia on Monday night and will address the students at the Lower Merion High School at some future date.

Dr. King is Witness

Testifying before a joint Legislative committee investigating school expenses, Dr. LeRoy A. King, of Narberth, professor of educational administration at the University of Pennsylvania, declared that some other form of taxation other than real estate taxes would have to be levied if the State is to give proper support to education. The hearings were held in Philadelphia last Saturday.

Makes Last Call

To the Editor of "OUR TOWN":

The assurance is that we seem well set for the big day in Court next Friday, when all at interest are privileged to assemble, and the last word is that if your name is on the merger petition there is still time to get it off, and, for the lustrous record of your years, it would seem there should be a real personal concern in making amends, even if you have, in good faith, but with inaccurate information, persuaded others to also sign.

For as St. Luke said in his fifteenth chapter, there is joy before the Angels of God over one sinner that repenteth . . . and may the same good Angels take care of us as we go, liberty-bent, to Norristown when Friday comes.

J. J. CABREY.

P. S.—Those who desire to remove their names from the original petition should telephone NARBERTH 26-83.

Cabrey Claims Wohlert is Against the Merger

To the Editor of OUR TOWN:

As regards Wohlert, and the misquoted plagiarism for which he gives no credit, there is no shrinkage in the opinion that he is a good egg, despite his present bad company, the actual truth being that he has as little respect for the buster bosses as I have, which is saying a very great deal.

His only interest in the controversy is the excellent opportunity it affords him to make faces at citizens who have been charged with public duties, a constitutional aversion on which he thrives, the obsession however, being strictly objective and in no degree subjective. He now appears to be after LeRoy King, but when he was younger it was Howard McCarter and since that late lamented went to his fathers, everybody in between has come in for a share of the gardener's synthetic odium.

Psychoanalysts should welcome Wohlert's case as a prize problem, for behold a man who is given to very many generous and free-handed acts, but who simply cannot bring himself to make a single kindly utterance, which may reflect a stern and unyielding struggle with the soil or possibly a curious concept that if you show approval it is a sissy sign and one not at all becoming a strong man who hails from the rugged and wind-blown North country.

At any rate, you can reliably depend on it that the person who would be most grievously disappointed if Narberth were forced into Lower Merion would be no less than the same cantankerous Anton E. Wohlert.

J. J. CABREY.

P. S. Those who desire to remove their names from the original petition should telephone Narberth 26-83.

Dr. Blackwood to Preach

Dr. W. A. Blackwood, professor of homiletics at Princeton Theological Seminary, will preach at the Narberth Presbyterian Church this Sunday and the following Sunday, January 19 and 26. His sermon topic this Sunday morning is "Where Christianity Begins" and at the evening service he will speak on "The Greatest Thing in the World."

"Transatlantic Tunnel," "Alice in Wonderland" Now at Narberth Theatre

"Transatlantic Tunnel," now playing at the Narberth Theatre, is an exciting and fanciful story that is excellent entertainment. Richard Dix and Madge Evans star, and special portrayals are given by George Arliss and Walter Huston. Added interest is lent the program by a Walt Disney short subject, "Mickey's Fire Brigade."

Added Saturday matinee feature: Lewis Carroll's "Alice in Wonderland"—a real treat for children and grown-ups who like fun—with a big cast of stars.

"A Night at the Opera" will be given by the Marxes next Monday, Tuesday and Wednesday. Groucho, the fast talker; Chico, the pianist who talks funny Italian dialect, and Harpo, the horn-blowing, harp-playing pantomimist. It's hilariously funny and there's good music, too.

The rest of the week, starting with another "Broadway Handicap" Thursday at 9, "Thanks a Million" will be the borough theatre's feature, along with Walt Disney's "Music Land." The feature stars Dick Powell, Ann Dvorak, Fred Allen, Patsy Kelly, Paul Whiteman and his band, with Romona and Rubinoff and the Yacht Club Boys.

"Metropolitan" and Jane Withers at Egyptian; "The Crusades" Are Next

How an opera singer serves his apprenticeship and rises to fame is told in an engrossing romantic tale with Lawrence Tibbett as the hero in "Metropolitan," now at the Egyptian.

Saturday's matinee feature is "This Is the Life," starring talented, impish little Jane Withers, whose singing, dancing and acting are equally good.

"The Crusades" reach Cynwyd Monday and Tuesday—Cecil B. DeMille's latest magnificent spectacle, starring Loretta Young, Ian Keith and Henry Wilcoxon.

"Two Fisted" is coming Wednesday and "Bank Night" Thursday—an entertaining, exciting film starring Lee Tracy and Gail Patrick.

Legion Auxiliary Meets 21st; Sauer Kraut Supper 23d

The regular meeting of the Auxiliary of the Harold D. Speakman Post, American Legion, of Narberth, will be held on Tuesday evening, January 21, at 8.15 in the Legion room of the Community Building. Mrs. Mabel Ensinger and Mrs. Jean Hewitt will be the hostesses.

The real function of Utility Service is to make life more satisfactory, more productive, more liveable! This thought, highly appropriate to the Holiday season, is found expressed in all phases of the Service.

The Yule log, the mistletoe, the picturesque sleigh have appeal for all of us, yet ours is a far more desirable day than were the olden times to which they relate. That, we feel, is the modern message of the holidays.

"BATH NIGHT"

People often sigh for "the good old days" . . . but were they so good, after all?

Take the "Saturday Night Bath", for instance. Water was pumped from the well outside . . . lugged into the kitchen . . . heated in a huge copper kettle. The family tub was made of wood and placed in a warm corner near the fire.

But Times Have Changed . . .

Today the hot water boiler in your home holds plenty of hot water . . . ready for you at the touch of a faucet.

A few minor attentions in the care of this tank will help you to enjoy its convenience to the fullest extent. Rust is often stirred up by unusually heavy use of hot water, or by running the water again after a long period of disuse.

To prevent rust, it is a good practice to draw a pail or two of water from the bottom of the tank once a month. There is a spigot in the bottom of the boiler for this purpose.

Girl Scout News

Troop 44

Cynwyd Troop 44 started the New Year in the proper way—on time. At 7.30 on January 7 the meeting opened with a balloon-volleyball game. When the balloon broke, the meeting began with a formal opening. The meaning of International Month was explained and plans for celebrating it were made. Each girl chose a country having Girl Scouting and made plans for a project on it. Among the projects suggested were dressing dolls in the national costume or Girl Scout uniform, making marionettes, maps and whittling objects which represent some trade or activity in other countries. Then some girls worked on second-class map making, while others did first aid and observation. A goodnight circle closed the meeting and the patrol leaders made plans for the next time.

Scribe—MARY E. BROWN.

"A Girl Scout is Thrifty." National Thrift Week opens today, January 17th, which is the birthday of Benjamin Franklin, and closes January 23rd. Girl Scouts will have a chance to show practical knowledge of their ninth law. A Girl Scout should understand that thriftiness means being careful of money, time, energy and materials. She will realize that it is well to form the habit of becoming a regular depositor in a bank and she will be surprised how quickly small sums of money mount up; which is a step toward independence and self-reliance. However, a Girl Scout knows that money alone does not insure a light heart; unless she has stored up riches within herself she can never be a joyous spendthrift of the spirit—the only kind of spendthrift to be envied. Girl Scouting teaches her how to get full value out of everything she does; how to know when to stop doing one thing and to start another; how to use her leisure and how to budget her time generally.

Every Saturday at 2 P. M., over WHAT, the Philadelphia Girl Scouts of America will present a dramatization of a true story portraying valor and achievement. These sketches have been written and will be directed by Miss Ruth Sheehan who is captain of Girl Scout Troop 240 which meets at the Convent of the Sacred Heart each Tuesday afternoon. Miss Sheehan is radio chairman of the central public relations committee in the Philadelphia District and is a resident of the Main Line.

Troop 125

Barbara Smedley opened the meeting of the Girl Scout Troop 125 with a lively "pep game." Fifteen minutes of song lead by Sonia Anderson followed.

The scouts retired to their patrol corners to plan charades which would deal with some part of the Tenderfoot Test. There are a number of girls in our troop who have not passed their test. The girls who are "older in scouting" paused in their own work in order to give their sister scouts a helping hand. In this way they were obeying their law, "A Girl Scout is a Friend to all and a Sister to Every Other Girl Scout."

The results of these patrol conferences were excellent. Helen Doty's patrol illustrated the Girl Scout Laws. Their acting was so good that the other scouts had no difficulty guessing which they were giving. Barbara Smedley's group gave a clever skit depicting the five knots which the Girl Scouts learn to use. Christine Hackman's patrol gave a sketch in strict pantomime showing the very early history of the flag. These girls used quick costume, calling into service snow suits, etc., to represent the gay dress of the men of Betsy Ross's time. Sonia Anderson and her patrol put on a candle award ceremony. During this procedure, the Promise, Slogan and the Motto were repeated.

Registration was collected. Each girl brings \$.50 a year so that her name be registered at National Headquarters. Fifty-six cents of every dollar comes back to the girl herself in further scout activities. This is possible, because almost all of the Girl Scout workers are volunteers.

After playing one of our favorite games, "The Queen and Her Kingdom" we closed our meeting with a goodnight circle.

Ditter for Bonus

In the roll call on the bonus at Washington last Friday, Montgomery County's Congressman, J. William Ditter, was recorded in favor of the measure which provides for immediate cash payment of the adjusted service certificates. Only one Pennsylvania Republican Congressman voted against the bill.

The Court Decides Our Fate on January 24, 1936
Let Us Make Sure Our Best Interests Will Be Served

And so a fair question---when you signed your name to the Merger Petition did you give careful thought to your act---and did you accord proper consideration to any of the following facts?

That if instead of conducting our own affairs, as we have done for 40 years, that all decisions would be made for us, and all our moneys disbursed, by a board of 14 or 15 commissioners, on which we might not have any direct representation, and, at the most, not more than two votes. Do we desire to repeat the grossly unsatisfactory experience which was our portion when we were in the Township years ago, and which made us apply to the Court for rescue and the right to govern ourselves? What kind of logic would that be, anyhow?

*If a man deceives you once,
Shame on him!
If a man deceives you twice,
Shame on you!*

That all our Borough facilities, including our unique playground, would be thrown open to the population of the entire Township, as we would then be part of the Township and we could claim no special reservations.

That in all elections involving Local Options (which are bound to increase in view of obvious legislative trends) the decisions of the Township at large would govern the conditions which would exist here, even if our particular neighborhood were opposed to the project.

That the opportunity will be gone forever to have the local swimming pool for which our youth has been clamoring for years and which now seems to be possible at a cost we will not feel. If you think for a moment, you will see why we can have a pool as a Borough, but it will be impossible if we become part of the Township.

That the "savings" which are claimed would quickly turn into extra taxes if the Township revised our assessments by only a third. Last week's advertisement proved LOWER MERION'S ASSESSMENT BASIS IS 100 PER CENT HIGHER THAN OURS. And nobody can deny that the first thing which will occur, if we are forced on the Township, will be a review and a definite readjustment of all our assessments. Naturally, our new bosses will start with a new inventory and why should they be tolerant of our values when we have insisted by process of law upon their taking us over? What a pretty mess indeed we might be inviting for ourselves? In fact, there is no "might" about it, for we would most certainly get it in the neck, as Mr. Logan's official survey shows.

That if your present assessment is \$1500 or less, there can be no "savings" even if your assessment remains the same.

That there does not seem to be any sense or reason for us to pay \$10 to \$25 per household in the way of annual and perennial sewer rentals to the Township for the use of sewers which the citizens of the Borough paid for long ago? Isn't this like paying rent to an outside landlord for the privilege of occupying your own home?

That we should hardly cry about our comparatively small debt when every dollar we owe was authorized by us after a full discussion of the facts . . . and that if there are any tax inequities, as there may be in the case of widows and other distress, official consideration can be more easily assured at home, where we are known to each other.

That the excellent spirit which produces such things as our Fourth of July Celebration, the Mardi Gras, our supremacy in sports, our alertness to all public questions, our success in every civic thing we undertake, is a direct fruit of local sovereignty, inasmuch as no place in the Township can submit anything like a similar record.

That if you are a renter, isn't it reasonable and only fair to give right of way to the property owners in a matter of this kind, as, after all, they are apt to be more permanent in their local abode, and won't you be impressed by the fact that very, very few of those who could really save taxes, i. e., if everything the merger leaders claim were 100% true, are on the Merger Petition, as such residents are invariably and indignantly against the proposal.

That the essence of American procedure is to have "the neighborhood as the basis of government," an established and well-proven fact to which the merger leaders agree completely, but they say it "won't work," in total disregard of the excellent manner in which it has "worked" for two full generations.

That the much discussed School question could be settled in a few hours if it were approached intelligently, and with good will, as the total number of pupils on the South Side is only 77 (all ages) and why should we break up a self-governing Borough merely to increase the convenience of this very small group when there are several other and more constructive ways to accomplish it?

There are other things to say, but that's enough to encourage you to start the contemplation which will result in a square deal for your home town. Many of your friends have removed their names from the Petition. They did not understand the real facts in the first case and were hurried into signing the thing without proper thought. Possibly that was the case with you? At any rate, think it over. You do not want to do yourself nor your town an injury.

To destroy what has been 40 years in the building is a hazardous venture which prudent people will approach most cautiously and they will need more than mere claims of alleged economy before they sanction any such uncertainty.

There is an easy way to withdraw your approval if you have given it without proper reflection. Call any of the Committee for further information. The time is short—we all must hurry to save the day and the home-place which has served us so exceedingly well.

Dismiss Injunction Against Gas Station

Work was resumed this week on the construction of a gas station on the McDowell property at the corner of Montgomery and Woodbine avenues, in the General Wayne district of Lower Merion.

A Court decree dismissed injunction proceedings brought last fall by three property owners of the section in an effort to prevent construction of the gas station on the grounds that it would be a community nuisance and depreciate property values.

ments of the Business Council during the past year. She paid tribute to the retiring president, Manuel Salasin, and presented him with a gift, a handsome cigar humidor, on behalf of the organization.

Mr. Salasin reviewed the past year's work and mentioned the painting and cleaning up of the railroad station, brought about through the efforts of the Business Council, and its assistance to welfare work in the borough.

The new officers of the council were introduced by the toastmaster and spoke briefly, as did Chris Koch, the first president of the Board of Trade, predecessor of the Business Council.
